

TORQUE ENERGY INC.

INFORMATION CIRCULAR

(As at April 18, 2007 and in Canadian dollars except where indicated)

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Information Circular (“Circular”) is furnished in connection with the solicitation of Proxies (which term includes any ‘VIFs’, as that term is defined below under ‘Completion and Voting of Proxies – Unregistered Shareholders’, unless otherwise noted) by the management of Torque Energy Inc. (the “Company”) for use at the Annual General Meeting of the shareholders of the Company (the “Meeting”) to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. It is expected the solicitation will be primarily by mail. Proxies may also be solicited personally by employees of the Company. The cost of solicitation will be borne by the Company.

COMPLETION AND VOTING OF PROXIES

Voting

Voting at the Meeting will be by a show of hands, each registered shareholder and each Proxyholder (representing a registered or unregistered shareholder) having one vote, unless a poll is required (if the number of shares represented by Proxies that are to be voted against a motion are greater than 5% of the votes that could be cast at the Meeting) or requested, whereupon each such shareholder and Proxyholder is entitled to one vote for each share held or represented, respectively. To approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an ‘ordinary resolution’) unless the motion requires a ‘special resolution’ in which case a majority of 66-2/3% of the votes cast will be required.

Appointment of Proxyholders

The persons named in the accompanying Proxy as Proxyholders are directors or officers of the Company. **A shareholder has the right to appoint a person (who need not be a shareholder) to attend and act on the shareholder’s behalf at the Meeting other than the persons named in the Proxy as Proxyholders. To exercise this right, the shareholder must strike out the names of the persons named in the Proxy as Proxyholders and insert the name of the shareholder’s nominee in the space provided or complete another Proxy.**

A shareholder completing the enclosed Proxy may indicate the manner in which the persons named in the Proxy are to vote with respect to any matter by marking an ‘X’ in the appropriate space. On any poll required (for the reason described above) or requested, those persons will vote or withhold from voting the shares in respect of which they are appointed in accordance with the directions, if any, given in the Proxy provided such directions are certain.

If a shareholder wishes to confer a discretionary authority with respect to any matter, then the space should be left blank. **In such instance, the Proxyholder, if nominated by management, intends to vote the shares represented by the Proxy in favour of the motion.**

The enclosed Proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may be properly brought before the Meeting. At the time of printing this Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. If, however, other matters which are not now known to the management should properly come before the Meeting, the Proxies hereby solicited will be exercised on such matters in accordance with the best judgement of the nominees.

The Proxy must be dated and signed by the shareholder or the shareholder's attorney authorized in writing. In the case of a corporation, the Proxy must be dated and executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation.

The completed Proxy, together with the power of attorney or other authority, if any, under which it was signed or a notarially certified copy thereof, must be deposited with the Company's transfer agent in accordance with the instructions and before the time set out in the Proxy. Proxies received after such time may be accepted or rejected by the Chair of the Meeting in the Chair's discretion. Unregistered shareholders must deliver their completed Proxies in accordance with the instructions given by their financial institution or other intermediary that forwarded the Proxy to them.

Registered Shareholders

Only shareholders registered as shareholders in the Company's shareholder registry maintained by the Company's registrar and transfer agent or duly appointed Proxyholders will be recognized, make motions or vote at the Meeting.

Unregistered Shareholders

Shareholders holding their shares of the Company through stockbrokers, intermediaries, trustees or other persons will not be recognized, make motions nor vote at the Meeting.

If shares of the Company are listed in an account statement provided to a shareholder by a stockbroker, those shares, in all likelihood, will not be registered in the shareholder's name. Such shares will more likely be registered in the name of the stockbroker or a nominee or agent of that stockbroker and can only be voted through a duly completed Proxy given by the shareholder. Without specific instructions, stockbrokers and their agents and nominees are prohibited from voting shares for the stockbroker's clients. **Therefore, each unregistered shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian securities administrators require stockbrokers and other intermediaries to seek voting instructions from unregistered shareholders in advance of shareholder meetings. Stockbrokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by unregistered shareholders to ensure their shares are voted at the Meeting. The form requesting such voting instructions (a "VIF") supplied to the unregistered shareholder by its stockbroker (or agent) is substantially similar to the Proxy provided directly to the registered shareholders by the Company, however, it is limited to instructing the registered shareholder (that is, the stockbroker or its nominee or agent) how to vote on behalf of the unregistered shareholder.

Most stockbrokers in Canada and the United States of America delegate responsibility for obtaining instructions from clients to a third party company (or, if the shareholder has so consented, allows the Company or its transfer agent to do so directly) which sends a machine-readable VIF to unregistered shareholders and asks the shareholders to return the VIFs to them or provide instructions to them through

the Internet or by telephone. The third party company (or the Company or its agent, if it has sent the VIF to the shareholder directly) then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting.

Although an unregistered shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of their stockbroker, the unregistered shareholder may attend the Meeting as Proxyholder for the stockbroker and vote the shares in that capacity. **Unregistered shareholders wishing to attend the Meeting and indirectly vote their shares as their own Proxyholder, should enter their own names in the blank space on the VIF provided to them and return the VIF in accordance with the instructions provided on it. If an unregistered shareholder receives a VIF and does not wish to attend the Meeting as a Proxyholder, the VIF must be returned, or instructions respecting the voting of shares must be communicated, to the third party company (or the Company or its transfer agent) in advance of the Meeting to have the shares voted in accordance with the instructions on that VIF.**

Shareholders with questions respecting the voting of shares held through a stockbroker or other financial intermediary should contact that stockbroker or other intermediary for assistance.

REVOCATION OF PROXIES

Shareholders have the power to revoke Proxies previously given by them. Revocation can be effected by an instrument in writing (which includes a Proxy bearing a later date) signed by a shareholder or the shareholder's attorney authorized in writing and in the case of a corporation, executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation, and either delivered to the registered office of the Company at Northwest Law Group (attn: Michael F. Provenzano), Suite 1880, 1055 West Georgia Street, Box 11122, Vancouver, British Columbia V6E 3P3, Canada any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or deposited with the Chair of the Meeting prior to the hour of commencement on the day of the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

None of the directors or executive officers of the Company, any person who has held such a position since the beginning of the last completed financial year of the Company, any proposed nominee for election as a director of the Company nor any associate or affiliate of the foregoing persons, has any substantial or material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting (other than the election of directors) except for the current and future directors and executive officers of the Company and any subsidiaries, inasmuch as in the following year they may be granted options to purchase shares of the Company pursuant to its Stock Option Plan, ratification of which will be sought at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company has only one class of shares entitled to be voted at the Meeting, namely, common shares without par value. All issued shares are entitled to be voted at the Meeting and each has one non-cumulative vote. Only those common shareholders of record on April 18, 2007 will be entitled to vote at the Meeting or any adjournment thereof. There were 13,837,698 common shares issued and outstanding as of that date.

To the knowledge of the directors and executive officers of the Company, only the following beneficially own, directly or indirectly, or exercise control or direction over shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company which have the right to vote in all circumstances:

Name	Number of Shares	Percentage of Outstanding Shares
Dundee Corporation ⁽¹⁾	2,588,147 ⁽²⁾	18.7%

(1) Dundee Corporation is a public company, the subordinate voting shares of which are listed on the Toronto Stock Exchange. Garth A.C. MacRae, a director of the Company, is a director of Dundee.

ELECTION OF DIRECTORS

The Board of Directors of the Company presently consists of five directors. It is proposed to fix the number of directors for the following year at the same number. This requires the approval of the shareholders of the Company by an ordinary resolution, which approval will be sought at the Meeting.

The Company's management proposes to nominate the persons named in the following table for election as directors of the Company to fill such positions. Each director elected will hold office until the next Annual General Meeting or until the director's successor is duly elected or appointed, unless the director's office is earlier vacated in accordance with the Company's Articles or the director becomes disqualified to act as a director.

The following information concerning the proposed nominees has been furnished by each of them.

Bayley – director and officer from January 1997 to January 2005):** On February 27, 2002, the British Columbia Securities Commission issued an order in response to a private placement by PetroFalcon of its securities to Quest which prevented the further use of certain exemptions under the *Securities Act* (British Columbia) by PetroFalcon and Quest until PetroFalcon's shareholders approved the private placement. Approval of PetroFalcon's shareholders was received on May 23, 2002 and the Commission reinstated the availability of the exemptions for both PetroFalcon and Quest shortly thereafter.
- 2. Esperanza Silver Corp. (TSX Venture listed; Brian E. Bayley – director from December 14, 1999 to present):** Esperanza became aware in early 2003 that it was subject to outstanding cease trading orders in Alberta (issued on September 17, 1998) and Québec (issued on August 12, 1997) from its failure (when neither Mr. Bayley nor any of the other current directors and officers of Esperanza were directors or officers of Esperanza) to file financial statements and pay filing fees within their prescribed times. CORPORATE GOVERNANCE

National Instrument 58-101 *Disclosure of Corporate Governance Practices* of the Canadian securities administrators requires the Company to annually disclose certain information regarding its corporate governance practices. That information is disclosed below.

Mandate of the Board of Directors

The Board of Directors of the Company has responsibility for the stewardship of the Company. That stewardship includes responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

Strategic planning and risk identification by the Board is assisted by and based on information and recommendations of the senior management of the Company on a variety of matters including opportunities for the Company in various countries and project status.

The Board monitors the Company's compliance with its timely disclosure obligations and reviews principal disclosure documents (such as prospectuses, offering memoranda, financial statements, Management's Discussion & Analysis, annual reports and annual information forms) and certain members of the Board review secondary disclosure documents (such as press releases) prior to their distribution. The Board relies on its Audit Committee to annually review the systems of internal control and discuss such matters with the Company's external auditor.

Independence of the Directors

A director is 'independent' if the director is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with the best interests of the Company, other than interests and relationships arising from shareholding.

The following table describes whether the directors are independent and, if not independent, sets out the reasons:

Director	Independent	Reason why the Director is not Independent
BAYLEY, Brian E.	No	Is the President of the Company
COWAN, John F.	Yes	–
HARRIS, Gordon D.	Yes	–
MacRAE, Garth A.C.	No	Is an officer or director of the Company's major shareholder
VANDENBOSCH, Paul W.	Yes	–

The Board of Directors of the Company facilitates its exercise of independent supervision over the Company's management through regular meetings of the Board. When the matter considered involves a member of management or a director, that member or director, as the case may be, recuses themselves from the meeting and consideration of the matter. As well, the Board ensures that one director follows up with the Company's management to ensure decisions of the Board are fully and properly implemented by management.

Other Directorships

The directors and nominees for election as directors of the Company are presently directors of other reporting issuers (public corporations), as follows:

Orientation and Continuing Education

The Board of Directors of the Company takes the following steps to ensure that all new directors receive orientation regarding the role of the Board, its committees and its directors, and the nature and operation of the Company.

The first step is to assess a new director’s set of skills and professional background. This allows the orientation to be customized to that director’s needs since different information regarding the nature and operations of the Company’s business will be necessary and relevant to each new director.

Once assessed, the second step is taken by one or more existing directors, who may be assisted by the Company’s management, to provide the new director with the appropriate orientation through meetings, telephone calls and correspondence.

To ensure the Board of Directors provides continuing information for its directors so they maintain the skill and knowledge necessary for them to meet their obligations as directors of the Company, there are technical presentations made as required at meetings of the Board. The presentations can range from a review of the Company’s financial statements to various aspects of the Company’s business. The Board believes the discussion among the directors, management and outside experts at these meetings provides a valuable learning resource for directors without expertise in the subject matter being presented.

Ethical Business Conduct

As part of its responsibility for the stewardship of the Company, the Board of Directors seeks to foster a culture of ethical conduct by striving to ensure the Company carries out its business in line with high business and moral standards and applicable legal and financial requirements. In that regard, the Board

- has established a written ‘Whistleblower Policy’ which details complaint procedures for financial concerns as further described below in ‘Audit Committee – Complaints’.
- encourages management to consult with legal and financial advisors to ensure the Company is meeting those requirements.
- is cognizant of the Company’s timely disclosure obligations and reviews material disclosure documents such as financial statements, Management’s Discussion & Analysis (MD&A) and press releases prior to distribution.
- relies on its Audit Committee to annually review the systems of internal financial control and discuss such matters with the Company’s external auditor.

- actively monitors the Company's compliance with the Board's directives and ensures that all material transactions are thoroughly reviewed and authorized by the Board before being undertaken by management.

In addition, the Board must comply with the conflict of interest provisions of its governing corporate legislation and relevant securities regulatory instruments and stock exchange policies (which require that interested directors recuse themselves from the consideration of, and voting on, such matters), to ensure its directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Nomination of Directors

The Board of Directors of the Company does not feel it is necessary to increase the number of directors on the Board at this time. When the Board considers it necessary to increase its size, it can also consider whether a Nominating Committee of directors, some or all of whom will be independent directors, needs to be formed to recommend appointees and assess directors on an ongoing basis.

Any new appointees or nominees to the Board of Directors must have a favourable track record in general business management, special expertise in areas of strategic interest to the Company, the ability to devote the time required and a willingness to serve as a director.

Compensation

To assist the Board of Directors of the Company in determining the appropriate level of compensation to pay the Chair of the Board, directors, CEO and executive officers, the Board has established a Compensation Committee as described below under 'Other Board Committees'. The Compensation Committee recommends to the Board of Directors of the Company the appropriate compensation of the Company's directors and the CEO. The Committee's recommendations are reached primarily by comparison of the remuneration paid by the Company with the remuneration paid by other public companies that the Committee feels are similarly placed within the same business of the Company.

In addition, the Company's CEO and directors are granted stock options under the Company's Stock Option Plan. The Compensation Committee determines the terms of each stock option within the parameters set out in the Company's Stock Option Plan and applicable stock exchange rules and policies.

Since the beginning of the Company's last financial year, no compensation consultant or advisor was retained to assist in determining compensation for any of the Company's directors and officers.

Other Board Committees

In addition to the Audit Committee, as described in the next section, the Board has established the following committees:

Compensation Committee: The Compensation Committee consists of three directors, two of whom are independent directors (John F. Cowan (Chair) and Paul W. Vandenbosch) and one of whom is not an independent director (Garth A. C. MacRae).

The Compensation Committee is responsible for reviewing all compensation (including stock options) paid by the Company to the Board of Directors and senior management of the Company and any subsidiaries, reporting to the Board of Directors on the results of those reviews and making recommendations to the Board for adjustments to such compensation.

The policy used by the Committee in determining compensation is that the compensation should (i) reflect the Company's current state of development, (ii) reflect the Company's performance, (iii) reflect individual performance, (iv) in respect of the executives, align their interests with those of the shareholders, and (v) assist the Company in retaining key individuals. The main components of the executive compensation consist of base remuneration and incentive stock options which rewards to executives for delivering value to the Company's shareholders through measurable increases in the value of the Company's common shares or asset base.

Reserves Committee: The Reserves Committee consists of three directors, two of whom are independent directors (John F. Cowan (Chair) and Gordon D. Harris) and one of whom is not an independent director (Garth A. C. MacRae).

The Reserves Committee is responsible for the Company's compliance with National Instrument 51-101 *Standards of Disclosure for Oil and Gas Activities* of the Canadian securities administrators, including:

- reviewing, with reasonable frequency, the Company's procedures relating to the disclosure of information with respect to its oil and gas activities, including its procedures for complying with the disclosure requirements and restrictions of the Instrument.
- reviewing each appointment of an independent qualified reserves evaluator or auditor and, in the case of any proposed change in such appointment, determining the reasons for the proposal and whether there have been disputes between the appointed qualified reserves evaluator or auditor and management of the Company.
- reviewing, with reasonable frequency, the Company's procedures for providing information to the qualified reserves evaluators or auditors who report on reserves data for the purposes of the Instrument.
- meeting, before approving the filing of reserves data and the report of the qualified reserves evaluators or auditors thereon as required by the Instrument, with management and each qualified reserves evaluator or auditor to (i) determine whether any restrictions affect the ability of the qualified reserves evaluator or auditor to report on reserves data without reservation; and (ii) review the reserves data and the report of the qualified reserves evaluator or auditor thereon.
- reviewing and approving all filings made under the Instrument.

Assessments

The Board of Directors of the Company has not established any formal procedures for regularly assessing the performance of the Board, its committees and individual directors.

Generally, those responsibilities have been carried out on an informal basis by the President. Furthermore, it is the view of the Board that, in light of its small size and the close and open relationship among its members, the formality of a committee would not be as effective as the current arrangement and is unnecessary.

AUDIT COMMITTEE

Multilateral Instrument 52-110 *Audit Committees* ("MI 52-110") of the Canadian securities administrators (other than of British Columbia in which MI 52-110 is not applicable) requires the Company's Audit

Committee to meet certain requirements. It also requires the Company to disclose in this Circular certain information regarding the Audit Committee. That information is disclosed below.

Overview

The Audit Committee of the Company's Board of Directors is principally responsible for:

- recommending to the Company's Board of Directors the external auditor to be nominated for election by the Company's shareholders at each Annual General Meeting and negotiating the compensation of such external auditor;
- overseeing the work of the external auditor;
- reviewing the Company's annual and interim financial statements, Management's Discussion & Analysis (MD&A) and press releases regarding earnings before they are reviewed and approved by the Board of Directors and publicly disseminated by the Company; and
- reviewing the Company's financial reporting procedures to ensure adequate procedures are in place for the Company's public disclosure of financial information extracted or derived from its financial statements, other than disclosure described in the previous paragraph.

The Audit Committee's Charter

The Company's Board of Directors has adopted a Charter for the Audit Committee which sets out the Committee's mandate, organization, powers and responsibilities. The complete Charter is attached as a schedule to this Circular.

Composition of the Audit Committee

The Audit Committee consists of three directors. Unless it is a 'Venture Issuer' (an issuer the securities of which are not listed or quoted on any of the Toronto Stock Exchange, a market in the United States of America other than the over-the-counter market, or a market outside of Canada and the U.S.A.) as of the end of its last financial year, MI 52-110 requires each of the members of the Committee to be independent and financially literate. Since the Company is a 'Venture Issuer' (its securities are listed on the TSX Venture Exchange, but are not listed or quoted on any other exchange or market) it is exempt from this requirement. In addition, the Company's governing corporate legislation requires the Company to have an Audit Committee composed of a minimum of three directors, a majority of whom are not officers or employees of the Company. The Audit Committee complies with this requirement.

The following table sets out the names of the members of the Audit Committee and whether they are officers or employees, 'independent' or 'financially literate'.

Name of Member	Officer or Employee	Independent ⁽¹⁾	Financially Literate ⁽²⁾
COWAN, John F. (Chair)	No	Yes	Yes
MacRAE, Garth A.C.	No	No	Yes
VANDENBOSCH, Paul W.	No	Yes	Yes

(1) To be considered to be independent, a member of the Committee must not have any direct or indirect 'material relationship' with the Company. A material relationship is a relationship which could, in the view of the Board of Directors of the Company, reasonably interfere with the exercise of a member's independent judgement.

- (2) To be considered financially literate, a member of the Committee must have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

Relevant Education and Experience

The education and experience of each member of the Audit Committee that is relevant to the performance of his responsibilities as an Audit Committee member and, in particular, any education or experience that would provide the member with:

- an understanding of the accounting principles used by the Company to prepare its financial statements;
- the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves;
- experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, or experience actively supervising one or more persons engaged in such activities; and
- an understanding of internal controls and procedures for financial reporting,

are as follows:

Name of Member	Education	Experience
COWAN, John F. (Chair)	Professional Geologist B.A. (Geology & Business) (1977; University of Western Ontario)	Current or former director and officer of several, and investor in numerous, publicly traded companies (in respect of one of which, that trades on the Toronto Stock Exchange, is a member of its Audit Committee) as a result of which and during the course of such appointments and investments has reviewed and analyzed numerous financial statements.
MacRAE, Garth A.C.	Chartered Accountant	Over 16 years of public accounting experience. Has held executive positions (including being the chief financial officer) with and been an investor in numerous, senior publicly traded companies and as a part of the foregoing and during the course of such appointments and investments has overseen the preparation of and reviewed and analyzed numerous financial statements.
VANDENBOSCH, Paul W.	Barrister & Solicitor LL. B. (1983; Osgoode Hall)	Over 20 years of experience in practising real estate, corporate, commercial, wills, estates and trust law. Has held executive positions with various organizations. As part of the foregoing, has overseen the preparation and analysed numerous financial statements.

Audit Committee Oversight

Since the commencement of the Company's most recently completed financial year, there has not been a recommendation of the Audit Committee to nominate or compensate an external auditor which was not adopted by the Company's Board of Directors.

Reliance on Exemptions in MI 52-110 regarding *De Minimis* Non-audit Services or on a Regulatory Order Generally

Since the commencement of the Company's most recently completed financial year, the Company has not relied on:

1. the exemption in section 2.4 (*De Minimis Non-audit Services*) of MI 52-110 (which exempts all non-audit services provided by the Company's auditor from the requirement to be pre-approved by the Audit Committee if such services are less than 5% of the auditor's annual fees charged to the Company, are not recognized as non-audit services at the time of the engagement of the auditor to perform them and are subsequently approved by the Audit Committee prior to the completion of that year's audit); or
2. an exemption from the requirements of MI 52-110, in whole or in part, granted by a securities regulator under Part 8 (*Exemptions*) of MI 52-110.

Pre-Approval Policies and Procedures

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described in section III.B 'Powers and Responsibilities – Performance & Completion by Auditor of its Work' of the Charter.

External Auditor Service Fees (By Category)

The following table discloses the fees billed to the Company by its external auditor during the last two financial years.

Financial Year Ending November 30	Audit Fees ⁽¹⁾	Audit Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees ⁽⁴⁾
2006	\$26,100	\$0	\$0	\$7,250
2005	\$24,400	\$0	\$0	\$4,030

(1) The aggregate fees billed for audit services.

(2) The aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not disclosed in the 'Audit Fees' column.

(3) The aggregate fees billed for tax compliance, tax advice, and tax planning services.

(4) The aggregate fees billed for professional services other than those listed in the other three columns. These services involved reviewing quarterly financial statements prepared by the Company, preparing financial statements and tax returns and preparing and filing tax returns for the Company and its subsidiaries.

Reliance on Exemptions in MI 52-110 regarding Audit Committee Composition & Reporting Obligations

Since the Company is a Venture Issuer it is relying on the exemption contained in section 6.1 of MI 52-110 from the requirements of Part 3 *Composition of the Audit Committee* (as described in 'Composition of the

Audit Committee' above) and Part 5 *Reporting Obligations* of MI 52-110 (which requires certain prescribed disclosure about the Audit Committee in the Company's Annual Information Form, if any, and this Circular).

Complaints

The Audit Committee has established a written 'Whistleblower Policy' which creates procedures for the confidential and anonymous submission by employees of complaints and concerns regarding the Company's accounting, auditing and financial reporting procedures and obligations, without fear of retaliation of any kind.

The Policy provides that if an employee has any information, complaints or concerns regarding such matters being questionable, incorrect, misleading or fraudulent they are urged under the Policy to present such information, complaints or concerns to the Audit Committee, without regard to the position of the persons responsible for the subject matter of the information, complaint or concern. Promptly following the receipt of any information, complaints and concerns submitted to it, the Audit Committee will investigate each matter and take appropriate corrective actions.

The Audit Committee will retain as part of its records, any information, complaints or concerns received. Furthermore, it will keep a written record of all such reports or inquiries and make quarterly reports on any ongoing investigation which will include steps taken to satisfactorily address each complaint.

The Company does not have any LTIPs.

(3) As the General Manager, John K. Thomson performs duties for the Company similar to those rendered by a CFO.

(4) Amounts shown are for the entire financial year.

Stock Option Plan

The Board of Directors of the Company has established an incentive stock option plan (the "Plan") in accordance with the policies of the TSX Venture Exchange (the "TSX-V"). The purpose of the Plan is to

attract and motivate the directors, officers and employees of the Company (and any of its subsidiaries), employees of any management corporation and consultants to the Company (collectively the “**Optionees**”) and thereby advance the Company’s interests by providing them an opportunity to acquire an equity interest in the Company through the exercise of stock options granted to them under the Plan.

Pursuant to the Plan, the Board of Directors of the Company (or the Compensation Committee, if any) may grant stock options to Optionees in consideration of them providing their services to the Company or a subsidiary. The number of shares subject to each option is determined by the Board of Directors within the guidelines established by the Plan. The options enable such persons to purchase common shares of the Company at a price fixed pursuant to such guidelines. The options are exercisable by the Optionee giving the Company notice and payment of the exercise price for the number of shares to be acquired.

The Plan authorizes stock options to be granted to the Optionees on the following terms:

1. The number of shares reserved for issuance pursuant to outstanding options, in the aggregate, cannot exceed 10% of the Company’s issued shares.
2. The number of shares subject to issuance upon the exercise of options granted under the Plan by one Optionee or all Optionees providing investor relations services is subject to the following limitations
 - (a) no Optionee can be granted options during a 12 month period to purchase more than
 - (i) 5% of the issued shares of the Company unless disinterested shareholder approval has been obtained (such approval has not been sought), or
 - (ii) 2% of the issued shares of the Company, if the Optionee is a consultant, and
 - (b) the aggregate number of shares subject to options held by all Optionees providing investor relations services does not exceed 2% in the aggregate.
3. Unless the Plan has been approved by disinterested shareholders (such approval has not been sought), options granted under the Plan, together with all of the Company’s previously established and outstanding stock options, stock option plans, employee stock purchase plans or any other compensation or incentive mechanisms involving the issuance or potential issuance of its shares, shall not result, at any time, in
 - (a) the number of shares reserved for issuance pursuant to stock options granted to insiders exceeding 10% of the shares outstanding at the time of granting,
 - (b) the grant to insiders, within a one year period, of options to purchase that number of shares exceeding 10% of the outstanding shares, or
 - (c) the issuance to any one insider and such insider’s associates, within a one year period, of shares totalling in excess of 5% of the outstanding shares.
4. The exercise price of the options cannot be set at less than the greater of \$0.10 per share and the closing trading price of the Company’s shares on the day before the granting of the stock options. If the Optionee is subject to the tax laws of the United States of America and owns (determined in accordance with such laws) greater than 10% of the Company’s shares, the exercise price shall be at least 110% of the price established as aforesaid.
5. The options may be exercisable for up to five years.

6. All options must vest over a period of at least 18 months from granting, with no more than one-quarter of each option vesting on granting, the six month anniversary of granting, the 12 month anniversary of granting and the 18 month anniversary of granting.
7. There are not any vesting requirements unless the Optionee is providing investor relations services to the Company in which case the options must vest over at least 12 months with no more than one-quarter vesting in any three month period.
8. The Board (or the Compensation Committee, if any) may impose additional vesting requirements and, subject to obtaining any required approval from the TSX-V, may authorize all unvested options to vest immediately. If there is a 'change of control' of the Company due to a take-over bid being made for the Company or similar events, all unvested options, subject to obtaining any required approval from the TSX-V, shall vest immediately.
9. The options can only be exercised by the Optionee (to the extent they have already vested) for so long as the Optionee is a director, officer or employee of, or consultant to, the Company or any subsidiary or is an employee of the Company's management corporation and within a period thereafter not exceeding the earlier of:
 - (a) the original expiry date;
 - (b) 90 days (30 days, if the Optionee is providing investor relations services) after ceasing to be a director, officer or employee of, or consultant to, the Company at the request of the Board of Directors or for the benefit of another director or officer unless the Optionee is subject to the tax laws of the United States of America, in which case the option will terminate on the earlier of the 90th day and the third month after the Optionee ceased to be an officer or employee; or
 - (c) if the Optionee dies, within one year from the Optionee's death.

If the Optionee is terminated 'for cause', involuntarily removed or resigns (other than at the request of the Board of Directors or for the benefit of another director or officer) from any of such positions the option will terminate concurrently.
10. The options are not assignable except to a wholly-owned holding company. If the option qualifies as an 'incentive stock option' under the United States Internal Revenue Code, the option is not assignable to a holding company.
11. No financial assistance is available to Optionees under the Plan.
12. Disinterested shareholder approval must be obtained prior to the reduction of the exercise price of options granted to insiders of the Company.
13. Shares issued on the exercise of an option within four months of granting will be subject to restrictions on resale under the TSX-V's policies for the balance of such four month period.

Any amendments to the Plan or outstanding stock options are subject to the approval of the TSX-V and, if required by the TSX-V, of the shareholders of the Company, possibly with only 'disinterested shareholders' being entitled to vote. The amendment to an outstanding stock option will also require the consent of the Optionee.

No options have been granted under the Plan which are subject to shareholder approval.

The Plan does not permit stock options to be transformed into stock appreciation rights.
